#### What is it?

Our new Leadership Impact Full Summary Report provides information on an individual's leadership impact, leadership styles and situational leadership effectiveness to help you better understand likely strengths and preferences for behaviors proven to drive effective leadership performance.

The Leadership Impact Full Summary Report can be generated from Wave Professional Styles and is accessible to individuals without an in-depth understanding of psychometric assessments and is designed for use when one-to-one feedback may not be possible.

#### How do I generate the new Leadership Impact Full Summary Report?
