Flexible online learning

Minimize your time, maximize the impact

We appreciate that your time is precious; that's why we've made our psychometric testing training courses even more flexible, allowing you to fit them around your work and personal commitments.

Learn to use Wave – the most powerful personality tool on the market – and our Swift aptitude tests competently and confidently to improve how you select and develop talent.

Our online learning combines E-learning modules with virtual training sessions alongside other delegates, led by our highly experienced tutors. This flexible training confers eligibility to full BPS and EFPA accreditation.

Our tutored virtual sessions make use of polls, quizzes and virtual break-out rooms for group work, giving you the full face-to-face training experience virtually.

Our E-learning modules teach you the theory behind our assessments and can be completed at your own pace, with a designated consultant on hand to help you every step of the way.

Swift Aptitude & Wave – Test User: Occupational Ability & Personality

(formerly BPS Level A & B)

£2,720 +VAT (including assessment starter pack)

**2.5 day of virtual
tutored online training**

**8-12 hours of
E-learning modules**

Upon completion of this combined online course, you will gain immediate access to our suite of aptitude tests, behavioral screeners and the Wave personality questionnaires, recognized for being the best predictors of workplace performance and potential.

The first part of the course - Test User: Occupational Ability - comprises one full-day tutored session and approximately 4 hours of home learning, and focuses on the best-practice use of aptitude tests.

While the second part - Test User: Occupational Personality - uses the same format and teaches you how to confidently use personality questionnaires professionally in the workplace.

Key learning objectives

- Ensure a fair and lawful selection process
- Build efficient and robust screening processes
- Practice personality profiling techniques
- Delve into individuals' workplace personalities
- Prepare and deliver high-quality performance feedback

Please Note: The E-learning modules must be completed successfully ahead of attending the virtual tutored sessions. Our virtual tutored session can either be split over two sets of dates or combined. Where a delegate chooses to complete across two sets of dates, the ability component must be completed before the personality one.

This course requires no previous psychometric testing experience and is suitable for HR, recruitment and talent professionals looking to equip themselves with the best tools for hiring, building and leading their talent.

We're here to help at every stage

We are committed to helping you get the best value experience from our training and tools. Included in the price of the course, you will also receive the following:

Your own designated consultant

Each learner will be paired up with one of our experienced consultants when they sign up to the course. This consultant will be an expert in ability and personality psychometrics, and can be contacted at any time throughout the course to check your understanding.

Reference books

We provide both Swift and Wave reference books which you can refer back to after the course. These will be PDF versions of the online technical course content so you don't need to worry about making notes as you go through the e-learning.

Check-in call

Once you've completed the e-learning part of this course, you have the option of booking a check-in call to address any questions you have on what's been covered so far and what will be covered in the practical part of the course.

Practical workbook

You will receive a hard copy and digital copy of the practical workbook to use on the virtual, face-to-face part of the course for both Swift and Wave. This will have plenty of space for notes and will include key points we recap over the day.

Prefer shorter sessions with smaller groups?

Make our training work for you. In September, we are offering a new modular approach of four half-day sessions allowing you to fit certification around your busy schedule.

Option 1

Tuesday mornings – 3rd, 10th, 17th & 24th September

Option 2

Wednesday afternoons – 4th, 11th, 18th, 25th September
